# WELCOME LETTER

If you are reading this article, that's probably because you are in love, just as we are, with hockey.

We are not sure what's about this sport, but we certainly know that once you are in, you can't get out of it.

7 years ago, five hockey lovers decided to create a tournament for people like us: lovers.

During all these years, many things have happened: our beloved Club has turned 100 years; our main teams have made it up to the TOP3 of the highest Spanish category, nourished by players of this same tournament; and over 4,000 players from 10 different countries have enjoyed it.

If you are one of the lucky people who have already enjoyed it, no words are needed.

But if you haven't yet been able to come, you now have the wonderful opportunity to live something wonderful for the first time, and, maybe, fall even deeper in love with hockey.

Whoever you are, wherever you come from, if you are a hockey lover, we are waiting for you.

With much love,

The tournament creators.
